TRUSTED SOURCE

presents

Actiview

This month, Trusted Source is going to do something different... We were so excited about this incredible app, that we decided to tell you all about it and have you let us know what you think!

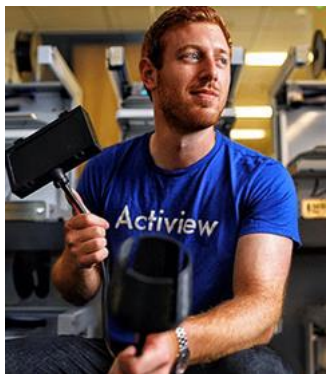

Rosa Lee Timm
Actiview User

Trusted Source invites you to check out Actiview. Actiview is an all-in-one app for assistive and accessible content for movies at the theater or in your home! Unfortunately, right now the app only works on Apple products and has a limited amount of films... but it continues to grow everyday!

Let us know what you think!

“Actiview was born when a friend was unable to enjoy a movie because the accessibility device he needed ran out of batteries in the middle of the film. This is unacceptable. There are enough challenges we face every day. Accessibility to entertainment shouldn’t be one of them.” – Alex Koren (Founder)

Actiview offers all of these services in their app:

Audio Description
Amplified Audio
Audio Dubs / Translation
Closed Captioning
Multi-language Subtitles
Sign Language Interpretation

Here is the website where you can learn more about **Actiview**:

<https://actiview.co/en/app/>

There is so much exciting and well-made media about disability. The challenge is knowing where to find it, and how to use it.

Trusted Source is a monthly media recommendation that you can use in your trainings and classrooms, and that you can share with your networks. We hope you find these pieces as insightful and revealing as we do.
