TRUSTED SOURCE PRESENTS..

What can a rebellious teenage boy who is into free running (Parkour) and a middle-aged woman with Parkinson's possibly have in common?

THE DESIRE TO MOVE.

Kinetics is a narrative film (UK) based on the remarkable true story of two people seemingly at polar opposites. As Rose tries to come to terms with her diagnosis, an unlikely friendship springs up when Lukas comes tumbling into her life. But will the bond between them be strong enough when things go wrong?

The film is directed by Tom Martin and written by Sue Wylie, who plays the role of Rose.

TRAINING RESOURCE

*This film is a fantastic teaching tool, and one jumping off point for a group discussion could be - **What do you think of Rose's decision to ACCEPT, ADAPT and ADJUST to her Parkinson's?***

With the support of medical professionals across the country, Kinetics has also been turned into a medical training resource - available to universities, hospitals and care centers to use in their training.
