Discussions with Diana

Diana, from the award-winning film [Body and Soul: Diana and Kathy](#), has been hard at work learning a new series of trainings for the Arc of Illinois. In a new training titled "*Sex Education for Persons with Intellectual and Developmental Disabilities: Implementation of Public Act 101-0506*", Diana tackles the realities of this new law and educates families and individuals about how to help their loved ones get proper sex education.

Diana also celebrated her birthday recently in May and had a wonderful evening with friends. She is also looking forward to a trip upstate to visit vaccinated friends and participate in one of her favorite activities, "The Cucumber game!"

For more info on Diana's trainings and others like it check out ArcofIllinois.org!
